

# Boost your business operations with Microsoft Power Platform.

## About The Missing Link

The Missing Link is a Microsoft Solutions partner in Infrastructure (Azure) and Modern Work. Our team of highly skilled technical engineers, architects and advisors have extensive experience in delivering Microsoft hardware, software, and cloud solutions, from Azure to Microsoft 365, SharePoint, Microsoft Teams and Microsoft Teams Phone. We are one of Australia's most awarded providers and deliver premium results through strong vendor relationships, a high Customer Satisfaction Score, and a team of 180+ local experts.

## Why do you need Power Platform?

Organisations can leverage Power Platform for its suite of tools. It enables the rapid creation of custom solutions without extensive coding - fostering innovation, enhancing productivity, and streamlining processes. With seamless integration with Microsoft 365 and other business applications, Power Platform empowers organisations to drive digital transformation, improve data-driven decision-making, and adapt quickly to evolving business needs, all within a user-friendly environment.

### With Power Platform an organisation can:

- Boost productivity through custom apps and workflow automation.
- Save costs with low-code development and deployment.
- Drive decisions with insightful data visualisation.
- Foster agility and innovation with rapid development.
- Enhance collaboration and integration across the organisation.

## What we offer

Crafted by our DevOps team, The Missing Link's Power Platform services transforms business processes, streamlines reporting and ensures seamless integration. It empowers organisations to adapt and innovate quickly, leveraging Power Platform's capabilities to build rapid solutions and connect effortlessly with various connectors.

## Approach

The Missing Link's Power Platform services are tailored for three core products:

- Power Apps
- Power Automate
- Power BI

## Timeline

Our Power Platform services are typically broken into the below three phases:

## Deliverables

The Missing Link's DevOps team will design and build a solution that includes the following:

- A comprehensive design document with recommendations aligned to client goals.
- A working solution to meet specific requirements.
- Comprehensive documentation and training.

### What our customers are saying

"The Missing Link is our go-to team for everything Microsoft related. With their support, we feel that we have the best protection for our business and can see how our employees are working better together and when working remotely now that we have the right solution in place. I've recommended The Missing Link in the past and will continue to do so in the future."

- **Kristi Conacher, Director, Treysta Wealth Management Pty Ltd**
